OARSMAN IS SWEPT OVER THE MILL DAM

BOAT CAPSIZES AND SPECTATORS ARE UNABLE TO AID THE VICTIM

Luke White of San Francisco Drowns in the Swift Waters in View of Many

BODY NOT RECOVERED BY THE SEARCH PARTIES

UNHEEDING the warning cries of witnesses to his death Luke White, an ex-fireman of San Francisco and prominent member of Aerie 5, Order of Eagles, was drowned in the treacherous waters of the Truckee River early last evening. The unfortunate man was on his way from the main land in a boat bound for the Reno Boat Clubhouse on Scott Island. Carried over the dam by the current, the boat overturned and White sank from sight.

The body was seen at 7:55 by Charles Lane and Harry Elder, attendants at the insane asylum, floating rapidly down stream.

Luke White came to Reno from San Francisco, June 6th, and registered at the Hotel Nevada. With Frank Dix, attendant at the clubhouse, and R. Jeffries, White was staying on the island for the night. About 6:30 p. m. he procured a boat on the northern shore and pushed into the stream.

Willie Baldwin, a witness to the tragedy, asked the oarsman if he could swim, and warned him not to attempt crossing unless familiar with the river. White is said to have replied that he could cross easily.

White Calls for Aid

Half a score of people strolling along the shore saw the boat shoot down stream regardless of the rower's attempt to steer it straight across. Leland Percy, another youthful witness, tells graphically how the boat poised stern foremost on the top of the dam held for a time by the almost superhuman efforts of the occupant. White forced the oars against the top of the dam and called loudly for aid.

However, before anyone could put off from short to the rescue, the rower's oar snapped and he went over into the seething water below.

Mrs. Hiskey, a resident in the Thoma-Bigelow block, asserts it is said, that the drowning man did not come up after the capsizing, while various other witnesses affirm that he fought madly for a foothold in the shallow bottom, but was swept off by the current.

Had Stopped on Island

The drowned man's desire to reach the island is explained by his friends, who say the three men, Dix, Jeffries and White, have stayed there since Al Pape, club manager, went to Alturas. The personnel of the club's attendants on the island has changed frequently since Pape departed on his trip, and it is affirmed that White was only a guest of the other two men. He intended joining the local fire department, having served on Truck 3 of the San Francisco department before the disaster of April 18th.

One Chance for Life

Men familiar with the Truckee River near the scene of the drowning say that White could have saved himself had he jumped into the waist-deep water west of the dam as the boat overturned. Then, they affirm, he could have hugged the aprons of the dam and reached shore. But any attempt at rescue of one who could not swim is impossible, once he is caught in the swirl of the current farther down stream.

Today searching parties will make an investigation of the islands and eddies along the river. Already the body has been seen over a mile down stream by asylum attendants. It is supposed that the remains will be cast ashore on the island in the Rice ranch east of Sparks, where so many unfortunates have been cast up.

TAKE OUT MAN'S HEART, WASH IT AND PUT IT BACK

LOS ANGELES, Cal., June 21.—To have his heart taken out and particles of sand washed from it as it beat, and still survive, has been the experience of C. A. McCartney, a Pasadena contractor.

While riding a motor cycle he came in collision with a hay wagon and a wooden stick pierced his breast. The surgeon found that particles of sand from the road had been driven in the wound as far the the heart. They took that organ out, washed it thoroughly and then replaced it. Other internal injuries were attended to, the cavity in the body sewn up, and the indications are that McCartney will recover.

DUFFEY LOSES CASE

NEW YORK, June 21.—Judge McLean of the supreme court today rendered his decision in the suit of Arthur Duffey against the Amateur Athletic Union of the United States, the finding being adverse to Duffey. Duffey's original application for a preliminary injunction restraining the Amateur Athletic Union from expunging his name and performances from its books was refused by Judge Fitzgerald. Duffey afterward amended his complaint and in the suit just decided prayed for a permanent injunction restraining the Amateur Athletic Union from wiping out the record of his performance.

NOT GUILTY SAYS JURY

PORT TOWNSEND, Wash., June 21.—The jury returned a verdict of not guilty tonight in the case of A. Benjamin Franzen, a sailor belonging to the British bark Morven, charged with having committed murder in shooting Harry Stubley, a boarding house runner, while the latter was assisting deserters to leave the Morven.

DIES OF HEART FAILURE

PITTSBURG, June 21.—Judge Marcus W. Acheson of the United States Circuit Court for the third Federal circuit, which comprises Pennsylvania, New Jersey and Delaware, died suddenly of heart disease here today. Judge Acheson was appointed in 1880.

RUFE TURNER KNOCKED OUT

SEATTLE, Wash., June 21.—Dave Holly of Palladelphia knocked out Rufe Turner of Seattle in the twentieth round at Pleasant Beach tonight. It was a fast fight and 2,500 people were present.

FOUR ARE KILLED BY PREMATURE EXPLOSION

Workmen While Preparing a Blast Are Blown to Atoms on Grade Work Near Anstone, Wash.—Prominent Citizen Among the Dead

ASOTIN, Wash., June 21.—Moses Goss, Frank Taplin Jr. and J. Cook were killed, and Henry Thormahlen was fatally injured by the premature explosion of a charge of giant powder at Shpemaker Grade, near Anstone, today. Goss was supervisor of district No. 2, and the other men were employed under his supervision. Goss was preparing a blast and was tamping the charge with earth when it exploded. He was literally torn to pieces. Cook and Thormahlen were also mutilated. Goss was one of the most prominent and reputed citizens of Asotin county.

ALMADOVAR IS DYING

MADRIR, June 21.—The Duke of Almadovar, minister of foreign affairs, is dying.

WOMAN SUFFRAGIST IS SENTENCED TO JAIL

LONDON, June 21.—Miss Billington, Miss Kenny and three other leaders of the militant suffragists were arrested in Cavendish square today for creating a disturbance outside of Chancellor of the Exchequer Asquith's home. Asquith is the particular bugbear in the present ministry of the woman suffragists, and special police have been stationed in the neighborhood of his residence to prevent threatened attacks on it. A score of women with banners flying assembled in Cavendish Square this forenoon and announced their determination to be heard by Asquith. They defied the police until their leaders were arrested and dragged off to the police station.

The women arrested were arraigned in a police court later. Miss Billington was fined $50 or two months imprisonment, whereupon she expressed the intention of becoming a martyr and of going to jail. The hearing of the other cases was adjourned.

LE DOUX CASE GOES TO JURY SATURDAY

STOCKTON, June 21.—Assistant District Attorney Geo. McNoble finished his part of the argument for the prosecution in the Le Doux murder trial shortly after 11 o'clock this morning having addressed the jury for more than five hours.

Attorney Charles Crocker began the argument for the defense at one o'clock. He will be followed by Charles Fairall and District Attorney Orton will close for the prosecution. It is not believed that the case will reach the jury before Saturday.

COTTON OIL MILL BURNS

YAZOO CITY, Miss., June 21.—The Paducah Cotton Oil Mill was completely destroyed by fire today. Loss $150,000.

TELLS IN COURT OF THE PLOT TO TAKE LIFE

Member of Portland Anarchist Society Testifies of Plan to Kill the President

TO SELECT MEMBER TO CARRY OUT THE DEED

PORTLAND, June 21.—During the trial of six Poles charged with assault and battery upon Walter Zalaszlwicz in the municipal court today, Zalaszlwicz testified that about a month ago a plot was laid in this city and an attempt was made to raise funds to send a member of an anarchist organization to Washington to assassinate President Roosevelt. Zalaszlwicz stated that however, the plan fell through. It was out of these dissensions that grew the trouble which resulted in the Poles making an attack upon Zalaszlwicz.

Zalaszlwicz testified that there are two Polish organizations in the city, in one of which he holds membership. The other society which he asserted is anarcristic, he says is composed of members of the first society.

The documents and pamphlets which were seized by the Federal authorities have been forwarded to Washington, the secret service agents refusing to make them public here.

The defendants in the case today vehemently denied Zalaszwicz's accusations and in turn declared that he was himself an anarchist.

AGREE ON RATE BILL

Conferees Will Meet Today to Draw Up Report for the House

WASHINGTON, June 21—An understanding was partly reached by the conferees on the rate bill tonight, which it is predicted will result in an agreement being reached tomorrow. Conferees will meet at 10 o'clock in the morning to draw up the agreement. It is their present purpose to have it presented to the House tomorrow that it may be printed in the Record as required by rules, and called up for action Saturday.

JOINS DOLLAR COMPANIES

One More Insurance Concern Deserts the Band of Six-Bit Men

SAN FRANCISCO, June 21.—One more convert was added to the list of the "dollar for dollar" insurance companies which held a meeting here today, bringing the total number of companies which will pay their losses in full to thirty-six. At the meeting it was decided that no horizontal cut would be countenanced and it was also decided not to recede from the adjusting bureau.

CONFESSES TO MURDER

Fearing Suicide Compact Woman Takes Life of Companion

ST LOUIS, June 21.—In the office of Chief of Detectives Desmond this afternoon Mrs. W. C. Arnold confessed that she killed Frank L. Phelps yesterday at her home because she thought he was going to make her carry out a compact between them to commit suicide. It was believed Phelps committed suicide.

FIRES TO KILL FOUR, THEN ENDS HIS LIFE

Idaho Follows Nevada's Lead

SACRAMENTO, June 21.—Governor Pardee has received a telegram from Riley Atkinson, secretary of the Boise City Commercial Club, to the effect that his organization has pledged itself to the expulsion from Idaho of all fire isurance companies which refuse to pay San Francisco losses in full. He asks for a list of all "seventy-five cent" companies.

WEBER MUST HANG FOR MURDER OF MOTHER

SAN FRANCISCO, June 21.—Adolph Weber must hang for the murder of his mother in the spring of 1904. The supreme court of the state today rendered a decision sustaining the verdict and confirming the judgment of the Placer county superior court in Auburn which in January, 1905, found the young man guilty and sentenced him to pay the death penalty.

Weber killed his mother, father, sister and brother. He shot them at night in their home at Auburn and then set fire to the house to destroy the evidence of his crime.

SHIPOWNERS LIKELY TO ARBITRATE STRIKE

SAN FRANCISCO, June 21.—The executive committee of the United shipping and Transportation Association met this afternoon and, for several hours discussed the letter sent to it and the members of the Sailors Union by Mayor Schmitz. The owners are yet undecided as to what they shall do in the matter and drafted a letter to the chief executive informing him they would act favorably upon his suggestions, but refraining from saying definitely what their action will be.

This afternoon a member of the Sailors' Union managed to elude the vigilence of the watchmen and policemen on the dock of the Pacific Coast Steamship Company and got on board the steamer State of California.

There he managed to induce the non-union crew of the boat to leave. A launch from the Sailors' Union soon hove in sight and took the men on shore. It was all done so quietly that the officials of the company did not realize what had happened till it was too late.

GREAT IRRIGATION DITCH NOW OPEN

HONOLULU, June 21.—The Kohala ditch, the biggest irrigation enterprise of the kind here, was opened here with ceremonies in which Secretary Atkinson, lately acting governor, took part. The ditch at present runs fourteen miles, of which nine are mountain tunnelling and it will eventually be twenty-one miles long and will supply 70,000,000 gallons of water per day to numerous plantations and to large areas of land which are now uncultivated because of the lack of water. The ditch as far as constructed at present cost $500,000.

SEARCHLIGHT MINER SHOOTS HIS WIFE AND SISTER

Turns Revolver on Two Sons But Misses, He Then Disappears and is Found Later in Cellar With Throat Cut From Ear to Ear

LOS ANGELES, Cal., June 21.—A mad attempt at double murder and suicide here today has ended the life of one and may result in the death of two others. W. F. Kittring, formerly a mining man of Searchlight, Nev., but who has been working as a carpenter here, early this morning, driven to desperation because his wife refused to longer live with him, drew a revolver shot his wife twice, seriously wounding her, shot and probably fatally wounded her sister, Mrs. Bessie O'Day, and after firing two or more shots at other members of the family, fled from the house, to which he returned a few hours later, and going to the basement, cut his throat from ear to ear, dying instantly.

Hides in House

Mrs. Kittredge and her sister had been attending an entertainment, and returning late at night found Kittring concealed in one of the rooms. A protracted quarrel ensued which ended in Mrs. Kittring finally declaring that she would never live with him again. At this juncture Mrs. O'Day stepped to the telephone, intending to call the police, but Kittring, angered beyond control, wrenched the telephone receiver from her hand, and drawing his pistol, fired two shots at Mrs. O'Day, one of which pierced her breast the other her shoulder. He then turned the weapon upon his wife and shot her, one bullet striking her in the head, the other in the hand.

Son Attacks Father

Edward Kittring, a son, grappled with his father and a shot was fired at him but missed. Gordon Kittring, another son, threw a flatiron at his father from the stairway, which struck him in the back and lamed him. He turned and fired a shot in the direction of Gordon but this also missed. Then he hurriedly left the house.

Found Dead in Cellar

No trace of him could be found until five o'clock this morning when a policeman entered the basement of the house and found his dead body, the throat cut from ear to ear. The attending surgeon says Mrs. O'Day cannot survive. Mrs. Kittring is expected to recover. The family came here only recently from San Francisco. Kittring had not been living with them for some time.

Mrs. Kittring and Mrs. O'Day, with their mother, Mrs. J. L. Dean, formerly resided at Marion, Kansas.

Kittring came from Searchlight, Nev., where he had been in mining. He was 47 years old.

HOLD-UP MEN GET $1,500

SEATTLE, Wash., June 21.—Two masked men held up and robbed a saloon at Kangley, a coal mining town about thirty miles from Seattle at 12 o'clock last night and secured $1,500 in cash.

IVENS MUST HANG

SPRINGFIELD, Ill., June 21.—The state board of pardons tonight refused to grant a reprieve to Richard Ivens, the Chicago youth condemned to be hanged there tomorrow.

TRUSTS MUST BE EXTERMINATED ROOT AND BRANCH

William Jennings Bryan Gives His Views on Disposal of American Monopolies

CANNOT BE PLACED UNDER ANY CONTROL

BRONDHJEM, Norway, June 21.—Among the distinguished personages who arrived here today to attend the coronation of King Haakon and Queen Maud was William Jennings Bryan.

The American statesman in an interview today said:

"I am not responsible for the paraphrases in regard to me, but I am responsible for my position on public questions. That position ought to be well known. Take the trust question, for instance, as it seems uppermost just now. My position is that private monopoly is indefeasible and intolerable. That was the Democratic platform in 1900 and the plank was incorporated in 1904, and it is the only tenable position.

Shall Not Steal

"There is some talk of controlling the trusts. You might as well talk of controlling burglary. We do not say they shall steal only a little bit, but that they shall steal not at all. It is so of private monopolies. It is not sufficient to control or regulate them—they must absolutely and totally be destroyed. Corporations should be controlled, but private monopolies must be exterminated, root and branch. Now, you can call that a radical doctrine. Yet it is more conservative to apply this remedy now than to wait until hereditary wealth has by its lawlessness brought odium on legitimate accumulations.

Progress of Public Sentiment

"What used to be called radical is now called conservative because people have been investigating. The doctrine has not yet changed, but public sentiment is making progress."

Mr. and Mrs. Bryan will spend a week in Norway and will then go to England. They will sail for home late in August.

PREMIER SEDDON BURIED

WELLINGTON, N. Z., June 21.—The funeral of Premier Seddon, who died suddenly June 10, on the steamer Owstry Grange, took place here today and was a striking demonstration of public grief. An enormous number of people followed the hearse on foot to the grave through streets packed with spectators from all parts of the colony. The day was observed as a general holiday throughout New Zealand.

CLOSE OIL CONTRACT

LOS ANGELES, June 21.—The Union Oil Company of this city has just closed a selling contract with the Guatemala Central railroad for 100,000 barrels of crude oil a year for four years. The oil is to be used for fuel purposes and will be transported in the company's tank ships to San Jose de Guatemala.

TUBERCULOSIS THE GREATEST CAUSE OF DEATH

Census Bureau Statistics Show the Percentage to be High But Compared With Previous Reports the Last Returns Show a Decrease

WASHINGTON, June 21.—Tuberculosis of the lungs and pneumonia were the leading causes of death in the United States, according to a special report on mortality in 1904, issued today by the census bureau. The statistics are restricted to those cities whose records afford satisfactory data.

The death rate per thousand in the registration area, was 16.7 less than in any foreign country except in Norway and Sweden.

The report says: The average annual mortality for tuberculosis from 1900 to 1904 was 172.6 per 100,000 of population. In 1890 it was 245.4. More than half of the deaths from this cause occurred between the ages of 20 and 40. The majority of the deaths were among males. The number of deaths was greater in March than April and least in September, and the mortality was much greater in the cities than the rural districts. It was highest in Rhode Island, New York and New Jersey and the lowest in Michigan, Vermont and New Hampshire.

The average annual mortality from consumption was highest in Denver, New Orleans, San Francisco, Washington, Newark, New Jersey, Baltimore and Cincinnati and lowest in St. Joseph, Mo., Scranton, Omaha, Detroit, St. Paul, Buffalo and Minneapolis. The next leading causes of death were diarrhoea and enterites and then heart disease, cancer and typhoid fever.

ANOTHER SINGER FROM OUT OF SILVER STATE

MRS. W. H. FRANKLIN, a native of Reno, and born and educated here, is making a great success in the musical circles of Washington. In a recent issue the Washington Star states:

"Congratulations have been showered upon Mrs. W. H. Franklin, who sang the difficult role of Azucena in two performances of 'Il Trovatore' by the Wilson-Green Opera Company.

"She was born and educated in Reno, and whether it be Nevada or her training or both, she sings in a manner to make one recall other great singers who have come out of the Silver State.

"While Mrs. Franklin has resided in Washington for the past two years, the performance Wednesday night was her first professional appearance here or in any other city, but the self-possession of her acting and beautiful quality of tone was in no sense marred by self-consciousness or nervousness."

PHENOMINAL LAUGH OF "MURPH" AT THE ELITE

Owen Langan, better known as "Murphy" and quicker known as "Murph," will smile his phenomenal smile no more at The Palace, where he has been for some time. In future the merry ripple of his laugh will lure at the Elite, where he goes to work tonight.

Where he got the name of Murphy no one seems to know, not even Murphy himself. He probably just acquired it with the laugh. But from one end of the country to the other, wherever there is a green cloth and cubes of elusive bone, he is known by his laugh and as Murph. As such he will appear nightly at the Elite.

TWO MEN ARE SHOT DOWN FROM AMBUSH

Long Feud Is Said to be Cause of Double Murder and Neighbors of the Victims Are Arrested and a Lynching Is Threatened

GUTHRIE, Okla., June 21.—A special to the State Capitol from Grimes, Okla., says that John Pureyear and Earl Seeds were assassinated near Lamesa, Texas, today by three men. Pureyear and Seeds went to a water tank with several head of horses and were fired upon from ambush. Neither had any chance to reply to the murderous fusillade and both fell, expiring almost immediately. Three suspects were arrested and tonight a crowd of farmers demanded that the prisoners be taken from the jail and lynched. Pureyear had trouble with three of his neighbors a year ago, and since then there has been a feud which had its climax in the double murder.

ARRESTS FOLLOW A KILLING AT CALIENTE

Eight Japanese Laborers Are Placed in Jail in Connection With the Killing of Deputy Sheriff Monahan, Resulting From Row With Trainmen

LAS ANGELES, June 21.—Additional details have been received from Caliente on thedesert, on the line of the Salt Lake railroad, of the killing of Deputy Sheriff Monahan by Japanese laborers there last Tuesday night. Eight of the Japanese members of a work crew of the Salt Lake road, are now in jail at Caliente, and search is being conducted for the Japanese timekeeper of the gang, who it is alleged, was largely responsible for the trouble.

The cause of the killing of Monahan was most unusual. The Japanese laborers were in a freight car which was being hauled out of Caliente. The freight train accidently broke in two, causing a collision which shook up the Japanese considerably. The latter, assuming that the train crew was responsible for the accident, attacked the men with clubs and stones, drove them away and took possession of the train. The crew appealed to the Caliente authorities for assistance and Deputy Sheriff Monahan responded. When he approached the train he was shot and killed. The arrests followed.

$750.00 FREE

Two of the best corner lots in the Wheeler-Burke addition, of the value of $750, have been acquired by the Daily Nevada State Journal and will be given FREE to the two readers who save the largest number and the second largest number of coupons during four months from Sunday, June 24th.

Commencing next Sunday, June 24th, a Coupon will be printed in THE JOURNAL, and one Coupon thereafter each week for four months up to and including the issue of Sunday, October 7, 1906.

Simply Save "Journal" Coupons

The person who saves the largest number of JOURNAL COUPONS up to and including October 7th, will be awarded the

First Prize:

Consisting of a corner lot, 50x140 feet, of the value of $400, located in the best part of the WHEELER ADDITION.

The Second Prize:

Will be a corner lot two blocks below the First Prize, in the BURKE ADDITION, of the value of $350.

The conditions of the Contest are simply to save all the Coupons you can which are printed each Sunday in THE JOURNAL, and which Coupons are also given by the following named merchants during the period of this Contest, one Coupon with each 25 cent purchase.

The enterprise is open to all JOURNAL readers and involves the simple saving of coupons.

Why the Enterprise is Offered to the Public

THE JOURNAL, always to the fore in enterprise, desires to place THE NEVADA STATE JOURNAL in each and every home in Reno and Suburbs. The circulation of THE JOURNAL is at the present time the best estimate of its popularity, but by this new scheme of gift-offering we intend to build up a circulation which will reach every home in Reno and Sparks.

The WHEELEER-BURKE ADDITION lies in the South Eastern part of Reno, within the town limits, a distance of 10 minutes from the center of the city. It is an exceptional property. Lying, as it does, on one of the highest portions of Reno, the property has a gentle slope westward, affording excellent drainage. The property has a unobstructed view to all points of the compass, Wedekind and Sparks to the East, and the Peavine Mountains on the North, while the beautiful Truckee Meadows and the grand mountain view of the Sierra Nevada extend to the South.

Where the "JOURNAL" Property is Located

The WHEELER-BURKE ADDITION is the closest-in property now remaining in Reno. It is just one year that the property has been offered to the public. In this short time half of the Addition has been sold, and several beautiful residences are already constructed; several are under construction, and a dozen are in contemplation. The ground consists of gravel loam, splendid for building upon, on account of the dryness of cellars underneath, and for growing trees, flowers and for ordinary garden purposes.

IN addition to the Coupon printed every Sunday in THE JOURNAL, Coupons may be had of the following named merchants, one with each 25 cent purchase.

GOVERNMENT WILL BUY STOCK TO USE ON CANAL

Horses and mules, broken and fit for heavy work, are wanted by the United States government for operations on the Truckee-Carson irrigation project. Uncle Sam has entered the purchasing field with L. H. Taylor, supervising engineer at Hazen as agent. The latter will receive sealed bids at Hazen, Nevada, until July 10.

The specific requirements of the stock furnished are as follows:

All animals must be sound and well broken and in good condition, so as to be immediately fit for work. They must be of such build and sufficiently heavy limbed as to be classed as work animals. When delivered the animals must be mated and tagged.

Horses must not be less than five and not more than nine years old, with minimum weight of 1200 pounds, and not less than 20 per cent of the number delivered must not weight less than 1300 pounds.

Mules must not be less than four and not more than ten years old, with minimum weight of 1000 pounds and not less than 20 per cent of the number delivered must weight not less than 1200 pounds.

All animals will be received subject to inspection by a duly authorized representative of the United States reclamation service and any animal not complying with the above specifications will be rejected.

Bidders will state the number each or horses and mules that they propose to furnish and the price per animal for each; also when and where they may be inspected, and the point of delivery, which latter must be at some railroad shipping station if more than sixty miles from Hazen, Nev.

THREE MEN ARE HURT BY A FLYING POLE

F. A. Ferrow was badly hurt, Foreman Hugh McGeehan slightly and Tom Murphy painfully injured yesterday afternoon by being struck with the heavy pole of the large concrete mixer on the corner of Sierra and Second streets. The men were engaged in backing the ten-ton machine around the corner, when the front wheel struck an obstruction in the road and the immense pole flew around, knocking the men like pieces of paper. There were several others knocked to the ground, but besides a few bruises they were not hurt except the men named.

Ferrow, who is a Mexican and has been here but a few days, was the most seriously hurt of any. The pole struck him squarely over the heart, breaking one rib. He is being cared for at the Sierra Hospital by Dr. Heppner and Dr. O'Neil, who were summoned to the scene.

GRAMMAR GRADE PUPILS GET THEIR PROMOTION

The following list of happy pupils who graduated yesterday from the B Eighth grade was sent to the Journal and is published with pleasure. The teacher, Miss Libbie C. Booth, is to be congratulated on having graduated so many from her class. These are the pupils who won their promotion.

Nell Barber, Isabella Jane Boyne, George L. Bryson, Eva Alice Blum, Ethel Elizabeth Brown, Gladys E. Chapman, Philip S. Cowgill, Mary Christenson, Elvyn E. Dougherty, Russell W. Elder, Marie Earnestine Littlejohn, Ira McDowell, Harvey McPhail, Ernest McGinty, Elda Ann Orr, Chester Paterson, Dora Genevieve Ramsey, Reta Sarah Pritchard, Emory A. MITCHELL ENTERS A PLEA OF GUILTY

Man Indicted by Grand Jury on Charge of Housebreaking Acknowledges His Guilt and Will be Sentenced Saturday Morning

Charles Mitchell, who was arrested by the officers some time ago while taking property from the Dixon Meat market, and who was indicted by the grand jury yesterday, pleaded guilty to housebreaking and will be sentenced Saturday morning at ten o'clock. Mitchell took a small amount of change from the cash register and loaded his pockets with eggs and other eatables.

The Yates bigamy case will soon come up in the district court and will attract considerable attention, giving promise of being a hard fought legal battle. Yates has secured the services of Hiram Johnson, one of the best known criminal lawyers in San Francisco, to defend him. Lewers and Huskel will also probably assist in the defense of Yates.

John Edwards, the alleged Oberon hold-up man, who has been indicted on the charge of robbery and assault with intent to kill, protests his innocence of both crimes. He states that he was walking across the Virginia bridge on the morning of the hold-up when he was accosted by the officers who began shooting at him, and that he returned their fire in self defense. He will be arraigned in the district court this morning and the date of his trial set. Hartson and Moran are his legal advisers.

NO NEED FOR ANY MAN TO BE IDLE

Unusual Activity in Building on the Various Railroads—The Added Need for Miners as Well as Farm Workmen Exhausts Supply of Labor

On top of the cry for laborers which came recently from Lovelock, where haying has commenced with an insufficiency of help, comes a similar complaint from railroad men who are interested in the contract to extend the N.-C.-O. line from Madeline to Alturas. Although active work has been under way for over a week, the contractors cannot secure enough men. The labor market is tight.

C. D. Virgilio of the Reno Employment agency, confirmed the above statement. He declares that his company alone need more than 500 men and could use them all.

The unusual activity in railroad building, the activity in the mining camps where miners are needed and the haying season in Lovelock valley and elsewhere in the State have exhausted the supply of labor, and there is no need for idleness.

So badly are men needed that no railroad fare is asked and no advance charge made to take them to the point of destination. All that is required is a disposition to work.

The Western Pacific needs men, the N.-C.-O. needs them, so do the Southern Pacific and Nevada railroads at Hazen, Palisade and Wadsworth.

WILL SEND REMAINS HOME

The body of George W. White, killed in the railroad wreck near Fleish Tuesday evening, will be expressed to his father's home, Lakewood, Minn. Perkins, Oliver & Gulling are preparing the body for saipment. White was a telephone lineman making his way to Minnesota when killed. He was a member of the Woodmen of the World. Coroner Read held the inquest over his remains at Verdi.

SIXTY DAYS IN JAIL FOR WIFE BEATING

For beating and abusing his wife, James Develin must spend the next sixty days in the County Jail, he having been adjudged guilty yesterday by Judge Bell.

Develin pleaded not guilty at the trial and claimed that Mrs. Develin was not his wife and that James Develin was not his true name.

He acknowledged beating his wife on several occasions and claimed that the day night he came home in a bad state of intoxication and has no recollection of anything that transpired.

Mrs. Develin testified that Develin made a practice of beating her and that Tuesday night he treated her worse than usual. He broke up all the furniture and beat her with his fists.

A FINE WESTERN PLAY

BESSIE—"IT MEANS WE ARE SHELTERING A WOLF"

At McKissick's tonight there will be presented by the Ruble Company, which has made so favorable an impression on local theater-goers, a thrilling melodrama, entitled "The Heart of Nevada."

It is a Western play and reflects the life of the West. On that account it should prove of double interest to Reno audiences who may want to know how others see them. The play is built on the good melodrama lines, is full of climaxes and dramatic episodes. It should draw a crowded house.

PROGRESSIVE WEST

With its June issue, Progressive West commences a new volume, and judging by the appearance of this number one of the volume just begun the year's issue should be an addition to the literature of Nevada, and a valuable addition to the data which will be sought now and later connected with the growth of this state. Contributions are supplied by various well known and able writers, and the exploitation of the Sagebrush State continues to be a principal part of the scheme embraced by Nevada's only magazine:

SWITCHMEN GO ON A STRIKE

Six Men Employed on the Night Shift Quit Job as Result of Row

A strike [illegible] among the night switchmen employed in the railroad yards Wednesday night the six men working in that crew threw up their jobs as a result of a fight among themselves for which one of their number was discharged by Night Yardmaster Burr.

In speaking of the affair W. C. [illegible] one of the striking switchmen said:

"The [illegible] started Wednesday night by [illegible] switchman's helper striking the [illegible] in the face with a lantern. A fight then ensued and we all went to the depot where another altercation occurred. Night Yardmaster Burr interfered and Switchman Clark [illegible] a knife and would [illegible] have stabbed Burr had not Switchman Murphy prevented him. Burr then discharged Murphy and the rest of us immediately quit our jobs. We have taken the matter up with the superintendent but he has as yet not done anything in the matter."

Other men were secured in the places of the strikers last night and everything is working smoothly.

TWO VAGS GET INTO COURT

Casper Luchinger and John McCall Will Spend Next Five Days on Chain Gang

Two unfortunates appeared before Judge Pollock yesterday. They were Casper Luchinger and John McCall.

Luchinger was arrested for being drunk and disorderly on the streets. He pleaded guilty when arraigned before Judge Pollock and a fine of ten dollars was imposed upon him with an alternative of serving the next five days in jail. Being without funds he is now employed to the city.

McCall was arrested on the charge of vagrancy. He also pleaded guilty and was given the same sentence received by Luchinger. He is also employed on the streets. McCall is an old timer around Sparks and has apparently been living off the alms of other people making no attempt to procure work.

GO BETWEEN WINS THE SUBURBAN HANDICAP

The Finish Was One of the Most Spectacular Witnessed at Sheepshead Bay, the Winner Catching Dandelion at the Sixteenth

NEW YORK, June 21.—Alexander Shields' five-year-old Meddler-Indigo gelding Go Between, carrying 116 pounds, won the $20,000 Suburban Handicap today. One of the largest crowds that ever witnessed the event was at the Sheepshead Bay course of the Coney Island Jockey Club. Go Between was but a short head in front of F. R. Hitchcock's four-year-old Hamburg colt Dandelion, who was equal favorite in the betting with Cairnogorm at 3 to 1.

Colonial Girl, backed from 20 to 1 to 5's was third, three lengths behind the first two horses and the same distance in front of the field.

A Pretty Finish

The finish was a terrific drive. Go Between catching Dandelion at the sixteenth and fighting it out head and head to the wire. Shaw, on the winner, outrode Miller. As the two leaders rushed past the stand the 30,000 or more enthusiastic spectators rose to their feet and wildly shouted encouragement.

There was a delay of ten minutes at the post, due to the bad behavior of Proper and Colonial Girl. When the barrier was raised, Proper was turned sideways. He bumped Cairngorm and interfered seriously with the latter's chances in the early part of the race. This incident marred an otherwise good start.

One-Fifth Behind Record

Colonial Girl dropped into third place from nowhere. The others finished in the following order: Agile, Tokalon, Proper, Dolly Spanker, Kuroki, Cairngorm, Astronomer, Cederstrome and Oxford. The time was 2:05 1-5, the record, 2:05, being made by Hermis in 1904.

Dandelion has been an unfortunate horse this year. He was beaten but a length in the Metropolitan handicap, a neck in the Brooklyn handicap and a head in the Suburban.

Apart from the Suburban, interest centered in the running of the first part of the double event, one of the richest of the two year old stakes. Water Pearl, the unbeaten colt, was held at 2 to 7, but was soundly whipped by Jas. R. Keene's Ballot.

SEALS SHUT OUT THE PORTLAND TEAM

Seattle Does the Same to the Fresno Contingent in a Fast Game—Oakland Defeats the Los Angeles Players 11 to 3

OAKLAND, Cal., June 21.—The home team had a walk-over today. They put Hall out of the box in the third inning. Score:

	R.	H.	E.
Los Angeles	3	7	3
Oakland	11	11	2

Hall, Burns and Eager; Cates and Bliss. Umpire—McDonald and Hodson.

Seattle 3, Fresno 2

SEATTLE, June 21.—Vickers had Fresno completely at his mercy, allowing only two hits. Lempke's wildness at a critical point and a few timely hits, gave Seattle the game. Score:

	R.	H.	E.
Seattle	3	7	0
Fresno	0	2	3

Vickers and Blankenship; Lempke and Hogan. Umpire—Perrine.

Seals 4, Portland 0

PORTLAND, June 21.—Errors lost today's game to San Francisco. Score:

	R.	H.	E.
Portland	0	5	7
San Francisco	4	8	0

Garvin and McLean; Meyers and Wilson. Umpire—Knell.

AMERICAN LEAGUE GAMES

WASHINGTON, June 21.—A heavy thunderstorm stopped today's game between Philadelphia and Washington after the visitors had been to the bat in the eighth inning, the score being tie at 1 to 1. Score:

	R.	H.	E.
Washington	1	10	1
Philadelphia	1	6	1

Batteries — Smith and Wakefield; Bender and Schreck.

DETROIT, June 21.—Cleveland took both games of a double header here today, the second game going ten innings. The opening game was an uneven affair. Flick saved his team from defeat in the second game by a remarkable catch in the ninth inning, which prevented Warner from scoring the winning run after he had driven in the tally that tied. Score:

First Game.	R.	H.	E.
Detroit	0	7	1
Cleveland	9	13	0

Batteries — Mullin, Warner and Payne; Hess and Bemis.

Second Game.	R.	H.	E.
Detroit	2	7	2
Cleveland	3	14	0

Bateries — Killian and Warner; Eels and Bemis.

GOLD CUP GOES TO BACHELOR'S BUTTON

Maher, the American Jockey, Rides the Winner at Ascot, Pretty Polly Runs in Second Place and Achilles Third — Brilliant Gathering

ASCOT, England, June 21.—Although every day of Ascot week has attractions, Thursday, Gold Cup day, is considered the greatest one of the meeting. This year was no exception, immense crowds going down to see the people gathered in the enclosures and incidentally to witness the races. The Americans were out in force. Ambassador and Mrs. Reid, the staff of the American embassy and Congressman Nicholas Longworth and Mrs. Longworth rode to Ascot in auto cars, there joining a large number of their compatriots in the royal enclosure. The number of Americans in the King's pavilion this year was quite noticeable. Besides those invited through the embassy, many American resident in England were among the royal guests.

The gold cup was won by Bachelor's Button, ridden by Maher, the American jockey. Pretty Polly was second and Achilles third. Five horses started.

The betting was 7 to 1 against Batchelor's Button; 11 to 4 against Pretty Polly and 4 to 1 on Achilles.

ROGERS OF ST. LOUIS TAKES SHOOTING PRIZE

INDIANAPOLIS, June 21.—F. E. Rogers, of St. Louis, won the first prize in the grand American Handicap today with a score of 94 targets out of a possible 100, shooting from the 17 yard line. A strong and variable wind blew across the field all day which caused the 268 contestants to make lower records than they had hoped for. Five traps were used, the guns working in squads of five, twenty targets being shot at from each trap. The prize money amounted to $2,674, which was divided among the fifty high guns. Rogers was awarded $267 together with the silver pitcher which represented the high gun of the day.

Tomorrow the amateur and professional championships will be contested.

TO TAX AND NUMBER LOCAL AUTOMOBILES

In order to regulate the speed of automobiles in this city, it is planned by local officials to impose a license tax on each machine and also require a number to be carried in a conspicuous place. Mayor Wilson thinks this measure is the only preventative of fast motoring along local streets. Identification of the chauffeurs would be possible then by police and citizens.

Complaints from numerous sources concerning the violations of the local ordinance have caused official determination to end the abuse. Along Sierra and South Virginia streets the motorists recklessly drive disregarding the rights of pedestrians. The lives of children and helpless women are imperiled; in the excitement of escape these helpless people often cannot tell who the car owners are. In California and other nearby States the number and tax on automobiles is the successful remedy for stopping the nuisance and assurance is given that it will be tried here.

THE NATIONAL LEAGUE

NEW YORK June 21.—New York defeated Pittsburg in a ninth inning finish today. Manager McGraw was ordered off the field at the end of the fourth inning and McGinnity and McGann were put out in the fifth for disputing with Umpire O'Day. Score:

	R.	H.	E.
Pittsburg	4	14	2
New York	5	11	3

Batteries — Leever McFarland and Gibson; McGinnity Mathewson Bowerman and Marshal. Umpires—Emslie and O'Day.

BOSTON June 21.—Boston opened sharply on Bebee's pitching today and later found Overall's delivery equally to their liking winning from Chicago 10 to 1. Score:

	R.	H.	E.
Boston	10	13	2
Chicago	1	5	2

Batteries — Lindaman and Brown; Beebe Overall and Moran. Umpire—Johnstone.

PHILADELPHIA, June 21.—The locals won a pitcher's battle today, St. Louis failing to score after the second inning. Score:

	R.	H.	E.
St. Louis	2	7	1
Philadelphia	3	7	0

Batteries — Druhot and Murray; Pittinger and Donovan. Umpires—Carpenter and Conway.

State of Nevada, County of Washoe, ss.:

I, C. H. Stoddard, County Auditor in and for said County of Washoe, State of Nevada, do hereby certify, that the foregoing is a true copy of the delinquent tax list of said Washoe County, for the Second Installment for the year 1905, published according to law.

Witness my hand and official seal, at the City of Reno, in said County, this 18th day of June, 1906.

C. H. STODDARD, Auditor.

TREASURERS NOTICE

Office of the Treasurer and Ex-officio Tax Receiver, Washoe County, Nevada, December 20, A. D. 1906.

To the above named delinquent taxpayers and to all owners of or claimants to the real estate and improvements thereon, or improvement when assessed separately, hereinbefore described, known or unknown, and on which the tax does not exceed three hundred dollars. You are hereby notified that under and by virtue of Sections 1108 and 1111 Compiled laws of the state of Nevada, I will sell

ON THE THIRD MONDAY IN JULY,

To-wit: the 16th day of said month, 1906, in front of the court house door in Reno, Washoe County, Nevada, each of the described tracts or parcels of land, with the improvements where, separately assessed, to recover the amount of tax and ten per cent delinquency, assessed to said defendants against said property for the fiscal year commencing January 1, 1905, and ending December 31st, 1905, together with the cost of publication of this notice, which is $2.00 for each person assessed, unless payment of said tax delinquency and costs of this publication be paid to me prior to said 16th day of July, 1906. The said sales will be made between the hours of 9 o'clock a. m. and 5 o'clock p. m., to-wit: At the hour of 1 o'clock p. m. to the person taking the smallest quantity of property and paying the taxes and costs on the whole. Such sale is subject to redemption within six months after date of the sale by payment of all such sums, with interest on same at three per cent per month thereon from the said sale until paid.

The above is a list of the names of persons to whom the property is assessed, a description of the property upon which the taxes are due and the amount of tax due on each.

D. B. BOYD, County Treasurer of Washoe Co., Nevada. j20d1d

AUCTION SALE OF BONDS

The City Council of the City of Reno, State of Nevada, hereby gives notice that on the 25th day of June, 1906, at the hour of 2 o'clock, p. m. at the office of the City Clerk in said City, the City of Reno will sell at public auction sale to the person or persons offering the best and most advantageous terms to said City, Thirty-five One Thousand Dollar ten year optional five per cent thirty year Bonds, known as "RENO SEWER BONDS SERIES ONE," at not less that par, as authorized by Resolution No. 77, duly passed, adopted and approved by said City Council April 12th, 1906, and City Ordinance No. 60, duly passed, adopted and approved May 29th, 1906. Each bid to be unconditional, and no bidder will be recognized unless he shall, before bidding, deposit with the City Clerk a certified check made payable to the City of Reno, in the sum of One Thousand ($1,000.00) Dollars, which check shall be retained by said City as liquidated damages in case the successful bidder fails to accept said bonds according to the terms of his bid. Said bonds to be delivered within sixty (60) days from date of sale. The City Council reserves the right to reject any or all bids.

By order of the City Council.

Attest: H. E. CHRISTIE, City Clerk. June 11 td.

PROOF OF POSTING

In the Second Judicial District Court of the State of Nevada, in and for the County of Washoe.

In the matter of the estate of Bertrand Ypharraguerre, deceased, notice is hereby given that Miguel Ypharraguerre having filed in this court a document purporting to be the last will and testament of Bertrand Ypharraguerre, deceased, and a petition praying that the same be admitted to probate, the hearing thereof has been fixed by said court for Saturday, the 30th day of June, 1906, at 10 o'clock a. m., of said day, at the Court House in the town of Reno, County of Washoe, and all persons interested in the said estate are notified then and there to appear and show cause, if any they have, why said will should not be admitted to probate and said petitioner appointed executor thereof.

Dated, June 13, A. D. 1906.

W. A. FOGG Clerk.

STOCK AND GRAIN MARKETS CLOSE EASY

New York Exchange Shows Feeling of Anxiety Owing to Heavy Selling and Disregard for Prices, Money on Call Easy, Grain and Produce Low

NEW YORK, June 21.—A pronounced determination to get out of speculative holdings in stocks developed in the stock market today. The small regard shown for prices in effecting this purpose argued a precipitancy which had a discouraging and depressing effect on speculative sentiment, and gave rise to a feeling of anxiety.

The speculative influence of the cut in Southern iron prices is enhanced by the fact that it discloses a trade policy traceable to the same sources as were responsible for the sudden cut in wire prices several years ago in the midst of proclamations of unparalleled prosperity in that trade at an active bull" speculation in stocks.

Money on call was easy, the stock market liquidation probably having an influence in this direction. Foreign exchange declined further in response to the reduction in the Bank of England's official discount rates, but rates for time money continued strong and only light supplies were offered.

There was some rally on short covering during the last hour of the stock market session, but the closing tone was easy and only a fraction above the lowest. Bonds were easy. Total sales, par value, $1,705,000.

GREAT PROFITS IN MINING

The J. M. Fulton Brokerage Co.

Greater profits are to be made from mining enterprises than any other, says the Goldfield News. This has been proved by carefully prepared statistics of the United States Government. This has been true of past operations in mining and should be more than true of future operations. As mining is now conducted on a more scientific basis and under far more favorable conditions than ever before. You will always find those who will tell you that mining is only a gamble, but this is not more true of mining than any other industry. The farmer plants his grain in the spring time and it is a gamble as to whether he will get any returns. Too many people are like the man in the fable who would not sow his grain, believing there was going to be a drought and he would lose his seed.

The Kennedy Consolidated mine is looking better every day. We consider this a buy at 20 cents per share. Stock selling rapidly.

Today's market shows more strength and activity than has been displayed for some time past. Montana, Ohio, St. Ives, Eclipse, Atlanta, Dexter, National Bank and Ophir are all a little stronger. Looks as if the bottom prices have been reached. Sales on the New York, Salt Lake, Denver, Philadelphia, San Francisco and Goldfield Exchanges show that the meritorious stocks are being picked up to be held for higher prices.

Our market letter gives a review of the week's mining news and outlook for the future. Send in your name and we will put you on our mailing list.

GOLD MOUNTAIN MINES VERY RICH

Reno People Have Reason to Be Well Pleased at Showing in Properties in Which They Have Put Their Money

A good many Reno and Verdi people who became interested in the Gold Mountain mining district a few months back have excellent cause to feel jubilant over the good news received from the Gold Mountain-Goldfields Mining and Milling Company's property, of which property they are stockholders. At a meeting held upon Monday evening, June 18th, Charles Caulkins, secretary; Gilbert J. Roote of San Francisco, the consulting engineer, and Joseph L. Gauthier, the treasurer of the company, had just returned from the property Saturday evening on Tonopah's delayed train. They report the property looking fine, and for the amount of development work done it surpasses any property in Southern Nevada today.

Gilbert J. Roote, the consulting engineer, gave the property a thorough and competent examination and sampling. From assay returns received from those samples the ores run from thirty-five ($35) dollars a ton to five thousand one hundred and eighty-one ($5,181) dollars per ton. The stockholders have every reason to congratulate the management of this company on the phenomenal success and showing it has made. On their visit to the property they received some samples from the Mohawk and Florence mines. Those ores are identical with the Gold Mountain-Goldfield Mining and Milling Company's ores and may be seen at rooms 4-5, New Journal building, Reno, Nev.

E. Lightfoot of Goldfield, Nev., a mining man of wide experience in this and other States and who owns a group of claims in this district, accompanied the above named gentlemen on their trip and was present while they made their examination and took their samples.

61,000 Tons in Sight

At this time the Gold Mountain-Goldfield Mining and Milling Company has less than 400 feet of development work done and have made the phenomenal showing of more than 31,000 tons of ore in sight. The smallest assay received from this property was ten ($10) dollars. The conservative estimate based on the amount of ore in sight and the smallest assay given would place the value at six hundred and ten thousand nine hundred ($610,900) dollars. This can readily be seen by anyone who cares to make a visit to this property. This does not mention or include the ore bodies uncovered by the contractors while sinking the new 100-foot shaft on the Bruifogle claim.

Large Ore Bodies

The Gold Mountain mining district today is classed as one of the leading districts in the State. The amount of the development work done in this district has shown up larger, more permanent and better ore bodies, and more of them than in any other district. Mining experts from all the world who have taken the time to investigate this, the greatest mining district in the greatest mining state of the universe, have all concurred in their opinions as to the future of this wonderful district. Plenty of water and timber abound in this district and it is an ideal place for the prospector as well as the investor. Among some of the properties that are now being developed and which have large bodies of ore blocked out we may mention the Butte Goldfield, with over $1,000,000 in sight, which lies about two and one-half miles from the Gold Mountain Mining and Milling Company's property. Both of these properties are on the same lead or vein. The Mitchell group of claims which adjoins the Butte Goldfield and was recently taken over by the Gold Mountain Consolidated Mining Company, have also a large body of ore blocked out. This is the property that Mrs. Mitchell, a pioneer woman of this State, who had braved the hardships of this district and assisted her husband in doing all the assessment and location work on this group for the past two years, sold her interest in this group for fifty thousand ($50,000) dollars. Among other good properties in this district may be mentioned the Gold Mountain Syndicate Mining Company which was recently capitalized by Reno and Verdi people and who are going to commence active development and exploitation work immediately. Also the Lightfoot property known as the Carbonate group. On this property the lead may be traced for one mile and a quarter in length averaging from six to ten feet in width. On this property Lightfoot has already expended some $3,000 or $4,000 and has made an excellent showing. The Richmond Gold Mountain is fast becoming another one of Nevada's great producers. The Tokop Consolidated, the Corbett, the Oriental, the Atlas Mining and Milling Company, the Gold Crest, and the Bonnie Claire. All of those properties are situated in the Gold Mountain mining district, Esmeralda county, Nev., and are within a radius of six miles. All of the properties above mentioned have demonstrated the wonderful ore bodies that underlie the surface by the development work they have already done. The amount of ore in sight in these different properties varies from three hundred and fifty thousand ($350,000) dollars to four million ($4,000,000) dollars, making a greater amount of tonnage than any other district in the State with the same amount of development work done. In some instances the values obtained in this district are fabulously rich and assay values have frequently been obtained in the district running as high as $20,000 to $30,000 per ton. At the present time there are about

Two Hundred Miners Employed

in the district divided among the various properties that are being developed. The Bonnie Claire is working from eighteen to twenty men, the Nevada Goldfield sixteen to eighteen, the Butte Goldfield sixteen men, the Richmond Gold Mountain two shifts, the Corbett, Gold Crest, Tokop Consolidated and Oriental are working two shifts, and while in Goldfield Caulkins interviewed the management of the Atlas Mining and Milling Company and was informed by their manager that they would soon have a force of from 150 to 200 men in their employ in the district.

While the terrible destruction of San Francisco has had a tendency to depreciate the value of mining stock in the different districts in the State, all of Gold Mountain stock has remained firmly in advance. Some of the Gold Mountain stocks that were quoted at 18 to 23 cents before the fire at San Francisco have steadily and rapidly increased in price since the San Francisco Exchange has resumed business.

Going Into the District

On our recent trip to the property of the Gold Mountain-Goldfield Mining Company, said Caulkins, we met several parties accompanied by their experts going into the district to examine and sample various properties. Several of them had nothing but words of praise, stating that in their opinion, without a doubt, Gold Mountain mining district would, in the near future, be the greatest camp in the State.

Colonel Gilbert J. Roote of 1436 Waller street, San Francisco, who is the consulting engineer of the Gold Mountain-Goldfield Mining and Milling Company, and who made the trip recently to the property for the company, in order to advise them on the future development of their property, stated to the stockholders at their meeting held at the company's office on Monday evening that in his opinion the company had not encountered the main ore body or ledge which crops on the surface and that a greater depth would have to be attained before uncovering the same. Also that, in his opinion, the company had a mine second to none in the State. Colonel Roote has been consulting engineer of properties in various districts.

MATTERS OF MUCH IMPORTANCE TO MINERS

Reports from Many Sections Indicates Activity Along Nevada's Great Mineral Bearing Zone With Satisfactory Results

It now seems a fact that Caliente and Pioche are to be connected for a number of strong operators have organized the Caliente and Pioche Railroad Company and will push work on this line.

The American Smelting and Refining Company are considering the installation of a smelter at Caliente.

In the Goods Spring country work has been resumed on the "99" and Fisher and Raymond in the same district have bonded the "Double Up" to John McClanahan. Haffman Bros. of Arizona have bonded the big iron ledge on Kingston Mountain. This property is own by Charles Bech.

F. M. Kimball and T. W. Walsh, both business men of Rockford, Ill., have recently visited the Nevada Superior mine in Humboldt county, in which property they have a large interest.

The old Black Bird mine at Central is to have a mill. George B. Austin will erect it.

Twenty-eight men are at work on the Sulphur mine near Rabbit Hole and twelve tons of refined sulphur is shipped daily.

Eastern parties have bonded the Choat property on Kings River for $30,000.

Ed Rogers, a well known mining man of Olinghouse, who is visiting relatives in Mason Valley, and C. A. Jones of Yerington while prospecting near Bald Mountain in the Mason mining district uncovered a large vein of gold bearing quartz. The vein is about forty feet wide and pieces knocked from outcrop gave returns of $13 and $23 per ton. The prospect is so promising that these gentlemen will do considerable work at once.

Edwin Arkell, the Bullfrog operator, passed through Reno yesterday en route to Colorado, and after attending a meeting of the Bullfrog Nugget Company in Denver, Arkell will go on to Boston and New York to close a deal on some mining property located here in Reno.

Jack Murphy, who has recently visited Fairview, says there is an eight-foot vein in the Nevada Hills mine which carries values from $2,700 to $10,000 per ton in gold.

Balick and Updyke will start an assay office in the very promising Wonder district.

Zeb Kendall, he of Tonopah fame, has recently located the Kookum claim on the desert some distant of Raynlite. There is a strong vein on the property and it carries value of $500 per ton.

NORTHERN GOLD FIELDS COMING TO FRONT

Some Promising Properties Are Being Developed by Los Angeles People in the New Pine Creek and Fort Bidwell Sections

All reports from the northern gold fields around New Pine Creek and Fort Bidwell indicate that a very promising mineral field is being demonstrated in that section and prospectors and miners are going in to spy out the land.

For the past five or six months a Los Angeles syndicate, of which J. Monroe Layman is general manager, has had a force in the field and a great deal of systematic and aggressive exploitation has been advanced and the results are most gratifying, for strong shoots of ore have been exposed carrying exceedingly good values.

Early last fall this syndicate commenced work, and as it had its own assayer in the field careful tests were made of all ores encountered and his careful examination has resulted in opening up several properties of conceited merit.

Within a few weeks this section has received special attention from outsiders and in two days last week eighteen prospectors and miners went into the field.

This new candidate for public favor is reached by the Nevada-California-Oregon Railway, and from the terminus at Madeline stages make close connections into the mining regions.

ROUND MOUNTAIN DISTRICT

Leasers on the Shot group in Round Mountain are making a good showing. Lease No. 12, which was being operated by Jack Wardell, Al Farmer, W. A. Colne and Jack Jones, shows a strong vein carry exceedingly good values. The whole district is attracting much attention and the developments so far are very satisfactory. The formation is a soft porphyry and porphyritic granite.

A. Buchanan has recently visited the district and secured options on several valuable pieces of property.

Louis D. Gordon, who is credited with making the original strike at Round Mountain, has gone East on mining business.

The new telephone line from Austin is nearly ready for business.

EDITORIAL COMMENT

Fattening the Banks

SPEAKING of the proposition of depositing government funds in the San Francisco banks to be loaned out by those institutions for the purposes of rebuilding, the Sacramento Bee has this to say:

"The proposition as to whether San Francisco needs this money or not, is a side issue which the San Franciscans can fight out among themselves. The vital point is that if a stricken city does need this help, she is far more entitled to it than unscrupulous transcontinental railroad lines, hoggish steamship companies, scheming National Banks or the syndicated trusts generally, to which the paternalism of the Government usually flows.

The United States Government could just as well, just as consistently lend its faith and its money to San Francisco, as to lend it to a gang of railroad Hessians now purposing to exploit the Philippines for their own ends, and who are to receive great grants in land and in money from the Government.

The alleged constitutional lawyers at Washington, who cannot find any unconstitutionality in continued Acts giving away the money of the people to corporations, monopolies and trusts, held up their hands in holy horror when the proposition was made that the Government do for a great metropolis, which has ever been of vast benefit to the nation, that which they have approved when done for moneyed interests, which have often been a curse to the nation.

It was pointed out to these alleged constitutional lawyers that if they could not treat San Francisco as they treated railroad companies and national banks, they might do a great favor again to the banks, under the plea of helping San Francisco, and thus at the same time satisfy the San Franciscans, and put millions more money at the disposal of the banks.

And that is just what is about to be done. The United States Government will deposit $12,000,000 of Government money with the San Francisco banks, with the bonds of the city as security that money to remain in those banks and to be called upon when necessary in reconstruction. That money will, therefore, be in those banks for a number of years. Out of that money those banks will make thousands upon tens of thousands of dollars and on that money they will not pay one cent of interest. For nobody believes that that money will lie idle in those banks. That is not the way the banks are conducted.

So this great Government which would not aid San Francisco directly and treat that great municipality with at least as much regard as it does corporations will indirectly turn this money over for the alleged benefit of San Francisco, when it finds that it can give the banks another great chance at a teeming grab bag."

Convicting Rich Men

DISTRICT ATTORNEY JEROME says a true and pertinent thing when he says that rich men are convicted with difficulty, not because the law discriminates or juries have any marked tenderness for wealth, but, "because the rich man is not in such close personal relations to the fact constituting the crime as the poor fellow." As he says, "Crimes committed by wealthy men are as a rule confined to trade, commerce and finance, and are not done by them personally, but by some substitute under their direction." Between the actual wrongdoer and the man really responsible for the crime, there is "a chain of events and persons that must be connected." Some of these persons are accomplices and "under the law cannot corroborate each other."

This is sensible talk, more sensible than the wild assertions that the very juries which, in civil suits, award heavy damages against corporations when injured persons bring an action against them, will in criminal trials go out of their way to acquit corporation managers. It will always be more difficult to convict a guilty rich man than a guilty poor man. If that is an injustice, it is not of man's making. It illustrates the same principle as the fact that it is always more difficult to lay a dangerous criminal by the heels than an insignificant one.

Not by man's decree but by nature's Fagin is a harder proposition for justice to handle than the Artful Dodger of Charley Bates; and Bill Sikes, housebreaker, goes free while the exponent of "the kitchen lay," who robs children of their milk money or their milk-bottles, soon gets in the grip of the law. The successful and powerful criminal has a longer rope than his tool through no favor of the law, but through his own superior gifts.

It is well to realize this. It will save a good deal of futility, a good deal of misplaced impatience with conditions which the law is powerless to remedy because they lie back of the law. We deem it proper that the soldier should expose his person to bullets and that his commander should keep out of the zone of immediate danger. We expect that the mortality from accidents shall be greater among railroad brakemen than among railroad directors. We must expect that the criminal rich man will fare better at the hands of the law than his poor tools, simply because, like Fagan or Sikes, he has more resources in advance to evade responsibility. Sooner or later, however, society usually "gets" its criminals, big or little.—N. Y. Mail.

Sierra Beer

Absolutely pure, properly brewed and sterilized, truly the ideal drink for the home.

Thoroughly temperance, containing no more exhilaration than a visit to theater, and consisting of flesh and muscle building malted barley and hops, and 100 per cent pure mountain water; it will satisfy your thirst, keep you in a healthy condition, and besides

It Is More than a Drink:

when tired, weak, losing weight, nervous, lacking appetite, wanting energy and ambition,

Take a Glass of Sierra

and make it a practice to do so with every meal and before retiring. You will notice the effect and difference in three months—it will make your blood a rich red, build up your body, soothe your nerves, dispell weariness, make digestion easy, supply energy to work and ambition to get there.

Prices $15.00 to $30.00

A man who stands squarely for what he thinks is the right thing will **win** out every time.

Nobody believes "mercerized cotton" improves fabrics;—that is, nobody of any consequence—that "mercerized cotton" opens the way for fraud.

Predictions have been freely made by our friends—and others—that we could not maintain our **position** on "mercerized cotton;" that we'd lose our trade.

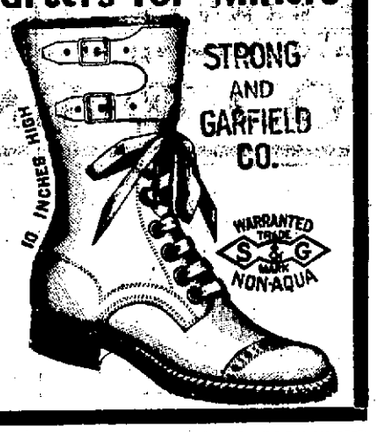

DON'T WORRY; our trade isn't that kind; **neither** are we.

Hart, Schaffner & Marx Clothes are in demand for what they are, not for what they cost, and as it happens they're more than ever wanted **and by** the **best dressed men** and **young men** right here in Reno and in every place of note.
